HURRICANE BOARDING INFORMATION

Owner: _____
Address: _____
Address: _____
Phone: _____

Patient Name: _____
Breed: _____
Sex: _____ **Age:** _____

Location Owner Evacuating To: _____

Emergency Contact Other Than Owner: _____

I understand that food and water may be in short supply after a hurricane, and will make every effort to retrieve my pet(s) as soon as possible after the storm has passed. It is recommended that you bring extra water for your pet.

I understand that TLC Animal Hospital has prepared for a hurricane to the best of their ability, but still may be evacuated since we are east of Dixie Highway. In the event this happens I will provide an emergency pick up for my pet.

If pet remains at TLC Animal Hospital for the storm I will not hold TLC Animal Hospital responsible for any injury due to high winds, flooding, tornadoes, lightning, and other storm related occurrences.

Microchip # _____

A microchip is recommended. If my pet does not have a microchip I give TLC permission to implant one for the cost of \$50.00. This price includes one year of complimentary membership with HomeAgain's national registry.

Yes: _____

NO: I Decline microchip _____.
